MICHAEL MARCHESECHI
PRIMARY EXAMINER

Art Unit: 1755

The following is an examiner's statement of reasons for allowance:

The claimed invention is novel over the prior art of record because said art fails to teach or suggest an abrasive pad, wherein the pad comprises abrasives grains and a polymer matrix, said polymer matrix having the claimed specific solubility. The specification provides criticality for the water solubility (see pages 11-12).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
